FIGURE 2.3 SUBNATIONAL INEQUALITY OF CHILD STUNTING

Note: The number in parentheses following each country name indicates the number of subnational units into which the country was divided for the sake of the survey. All stunting values in this figure are taken directly from original survey reports. The national averages may vary slightly from those used for GHI calculations, which in some cases underwent additional analysis before inclusion in UNICEF/WHO/World Bank (2018a).
