In the 2020 Global Hunger Index, Panama ranks 33rd out of the 107 countries with sufficient data to calculate 2020 GHI scores. With a score of 7.2, Panama has a level of hunger that is low.

GHI Score Trend for Panama

ABOUT THE GLOBAL HUNGER INDEX

The Global Hunger Index is a peer-reviewed annual report, jointly published by Concern Worldwide and Welthungerhilfe, designed to comprehensively measure and track hunger at the global, regional, and country levels. GHI scores are calculated each year to assess progress and setbacks in combating hunger. The GHI is designed to raise awareness and understanding of the struggle against hunger, provide a way to compare levels of hunger between countries and regions, and call attention to those areas of the world where hunger levels are highest and where the need for additional efforts to eliminate hunger is greatest. This country profile is based on data and information from the Global Hunger Index 2020.
